## **Department of Information, Communication Technology and Publicity**

1 February 2017

### **Wake up Namibians for the sake of your country**

Can you still remember that Apartheid discriminatory system has deliberately created poverty, unequal education, separate development under *bantustan* divide and rule system?

The unfortunate situation is that today, Swapo-Party is maintaining more or less the same system of oppression just because many of our people remain ignorant; unable to differentiate between false promises and genuine delivery of services to the public.

The ruling party keeps telling the people that peace and stability prevails in Namibia. How on earth can anyone enjoy peace and stability while homeless, hungry, unemployed, and insecure, under threat of criminals and discriminated on the basis of political affiliation, race, status in society and region or tribe one hails from?

There is a serious unequal distribution of resources and opportunities in the country. Very few people are living in opulence while the majority is swimming in the ocean of poverty. This is deliberately made so by the ruling party to serve its political interests and conveniences. The potential of the country's resources far exceed the developmental needs and welfare of a mere 2.2 million population.

The RDP calls upon all the Namibians to stand up and join the brave sons and daughters of Namibia under the leadership of the RDP. Be part of a liberating force to free Namibia from greed, nepotism and corruption. Make Namibia the land of the brave again!

Together, We Can Do Better!

By: Nghiningilwandubo Kashume  
**Secretary of Information and Publicity**
